From Our Family to Yours

Every time members of the PolyJohn team go out to visit our customers at trade shows or in their businesses and homes, we’re reminded why working in this industry is so rewarding. You’re hard-working, honest, disciplined, hopeful, and imaginative professionals—and we consider ourselves lucky to work with you and share a common goal for success.

At PolyJohn Enterprises, we keep loyalty to our customers at the forefront of everything we do. For over three decades, our business has been guided by two key ideas: 1) deliver what we promise; and 2) keep our customers completely satisfied with our service. That’s why it’s been so important to us that you feel like we’re always “there when you need us.”

Time and again, though, you’ve been there for us, too. You’ve stepped up and shared your needs and ideas, and the vision you have for your business. For all of that, we want to thank you, and encourage you to keep it up. Tell us how we can better serve you. Every time you do, we are inspired to do whatever we can to help you become even more successful in this industry.

Sincerely,

Mike Cooper

Ken Cooper
International Locations

“There when you need us.” It’s not just a slogan, but a promise. PolyJohn has locations across the globe dedicated to providing you assistance with your business. With a presence on six continents, you won’t have to look far to get the service you need and the products you trust. You can always rely on PolyJohn because we’re always “there when you need us.”

Fleet

• Premium unit offers 24% more interior floor space (1,059 square inches) than other units in its class - creating more space for mothers with small children, construction workers with bulky tool belts or winter gear, and VIP renters seeking a higher class experience.

• Corner tank allows for most efficient use of interior space - making room for non-splash urinal, sink, and other amenities that appeal to multiple markets, from work sites to upscale events.

• Easy-to-clean with sleek interior and exterior surfaces.

Fleet Specialty

**Fleet™ Shower** Part No. SH1-1000

Expand your service offerings — and your market — by making portable shower units available to your customers. The Fleet Shower™ is a refreshing (and sanitary) perk for any worksite, especially those tough jobs in the construction, agriculture and mining industries.

To ensure that your portable shower units always have a ready source of fresh water, you can bring your own supply with PolyJohn’s WaterWorks™ Fresh Water Delivery system. The Fresh Water system dispenses 2.5 gallons / 9.5 liters of water per minute, and includes an interior combination faucet and hose bib. A pressurized, fresh water source and a connection to a gray water sewage disposal system are required.

The system is fitted into our Fleet Cabin, which comes with a shower grated floor and shower curtain.

- Standard garden hose connection
- Dispenses 2.5 gallons / 9.5 liters of water per minute
- Shower curtain included
- 2” diameter drainage pipe

**Fleet™ City Mains** Part No. SC1-1000

Stay connected with PolyJohn’s state-of-the-art toilet that provides sewer and services connectivity. A sleek easy-to-handle exterior design and robust structure makes this a perfect restroom for semi-permanent or permanent functions. The Fleet City Mains’ washbasin also meets HSE requirements for forearm washing.

- State-of-the-art sewer and services connectivity
- Ample washbasin for thorough clean-ups
- Sleek easy to handle exterior design and robust structure
- Semi-permanent or permanent application
- Vanity unit eliminates all pipe work
- Lock option for security
- Easy to clean, low maintenance
Comfort XL

• Take your service to the next level - offer customers a wheel chair accessible option, or give guests more space to maneuver and/or change clothing.

• Wheelchair accessible entryway, self-closing door, spacious cabana, and interior grab rails make this unit suitable for special needs users.

• Extra-large size offers more than 16 square-feet (2,318 square inches) of open interior floor space.

• Despite large size, unit can be moved easily by one person.

- Hard liner
- Bag liner

**Above:** Two units back to back create 4-person wash station

Part No. SK3-1000 (Bag liner) / SK3-2000 (Hard liner)
Applause (Direct Connect)

- Go direct! The Applause™ Direct Connect is designed to be hooked up directly to a fresh water source as well as a drain for gray water. It features a fill valve that keeps a constant 5-10 gallons of fresh water in the tank. With an unlimited supply of water, it’s the ideal hand washing station to service a large worksite or outdoor event.

- Each unit comes fully equipped with soap and paper towel dispensers, and the hands-free pump operation helps to prevent the spread of contagions. The two-sink design will help reduce lines and wait times.

- The fresh and gray water connections are made through 2 - 3/4" garden hose connections.

Paper Towels
- Two Paper Towel Dispensers
- 1,000 towel capacity (four packs of single-fold towels)
- Can also be used with Roll Towels: Baywest Ecosoft #46200

Hand Soap
- Single Soap Dispenser
  (30 fl oz./887 ml)

FEATURES

- Adjustable float operated valve controls the amount of fresh water held in the tank
- Hands-free foot pump operation
- Built-in recessed handles for no-hassle placement
- Hinged lid provides easy access to internal components
Hand Sanitizing Stations

Sanistand Foam

- Four dispensing units provide enough foam to sanitize the hands of over 5,300 individuals.

- Alcohol-Free Antiseptic Foam kills 99% of germs on hands, including E. coli and salmonella.

Part No. SAN1-2000

ADA Compliant Sanistand

- Meets ADA requirements with accessibility and dispenser push pad that only requires one hand and less than 5 lbs. of pressure to use.

Part No. SAN1-2100

Minisan

- Ideal for warehouses, supermarkets, fitness centers, business offices, and other indoor spaces where people gather.

- Alcohol-Free Antiseptic Foam kills 99% of germs on hands - ideal when water is not available.

- Lightweight and easy to transport.

Part No. MSN01-1000GG
Worksite Solutions

Mini-Flush

• Self-contained 23” wide flushing toilet for use in temporary offices, tool cribs, lunchroom trailers, railroad cars, boats, or any small space where a complete portable toilet won’t fit.

• Dump valve included for easy servicing.

Part No. MF02-1000

PolyLift

• Designed for use at high-rise construction sites! The unit is easily lifted by crane and/or elevator.

• At only 33 in/84 cm wide, easy to maneuver through doorways and freight elevators.

• Optional roof not shown.

Part No. PL01-1000

Trailers

• Ideal for worksites where crews need movable restrooms.

• Built tough for off-road or highway use.

• Able to be lowered to ground level for easy use!

• Fully galvanized, 2’ ball hitch and Flat 4 electrical plug connector.

Part No. TU01-1000 (Single Trailer)
Part No. TU02-1000 (Double Trailer)
Water Works

- Our Water Works™ Fresh Water Delivery system provides 100 gallons of fresh water using a built-in, on-demand pump. It’s the perfect accessory wherever people work – office trailers, food service trailers, tool cribs, lunch rooms – for portable showers, sinks and fresh-water portable flush toilets.

- Designed to operate on regular household current, the circuits are protected by GFCI and a low-water electrical shut-off.

- If more fresh water capacity is needed, the Water Works™ Auxiliary Tank can be used to double the capacity.

- The addition of a 250 or 300-gallon holding tank provides complete sanitation service to any trailer or mobile office.

Advantages over other alternatives:

- Easy to install, service, clean and transport

- On-demand electrical pump delivers 100 gallons of fresh water whenever it is needed

- Only 46 pounds empty, it can be transported to a service site by one person

- Dimensions (60” high by 23” wide) are designed to fit inside even the smallest closet

FEATURES

- Can be plumbed to fill from outside the trailer

- When it is time to empty and remove, water quickly drains through its 1” valve

- Cleaning the inside is easy through the 10” diameter access cover at the top

- Tank is semi-transparent, so customers or service personnel can tell at a glance how much water is left

Above: Optional auxiliary water tank

Above: Hot power cord

Above: Water pump
Holding Tanks

250 Gallon

- Heavy-duty thick wall construction, ideal for bulk waste storage under trailers on job sites
- No threaded or cemented joints; accepts Fernco® rubber couplers and clamps
- Also available in natural color that reveals fluid levels from a distance (Required in certain states)

Part No. HT01-0250
Part No. HT01-0250N (Natural)

300 Gallon

- Similar to our 250-gallon model, the PolyJohn 300-gallon holding tank is a necessity as a sanitary receptacle for waste for an outdoor rest area where indoor plumbing is not an option. Our functional and discrete holding tanks reassure workers or guests that waste is being stored safely.
- PolyJohn holding tanks are made of an extremely durable plastic, and easily work with different plumbing configurations to ensure that your rest area remains as clean and uncluttered as possible. Specialized design means that our holding tanks can be used with many of our portable restroom or sink models interchangeably.

Part No. HT01-0300
Part No. HT01-0300N (Natural)

154 Gallon

- No portable restroom area is really complete without a holding tank. Holding tanks are sanitary receptacles for waste where indoor plumbing is not an option. Both functional and discrete, PolyJohn holding tanks are a necessity for any long-term portable restroom rental. Whether your customers are creating an outdoor rest area for a work site or for a special event, our tanks reassure their workers or guests that waste is being stored safely.
- PolyJohn holding tanks are made of an extremely durable plastic to ensure that your rest area remains as clean and uncluttered as possible. Specialized design means that our holding tanks can be used with many of our portable restroom or sink models interchangeably.

Part No. HT01-0199
Accessories

Paper Towel Dispenser
• Keep your customers well-supplied with clean paper towels. Each PolyJohn Paper Towel Dispenser holds 250 standard sheets of paper, or a roll of paper towels, and can be either wall or post mounted.

Part No. TD04-1000

Soap Dispenser
• Our completely sealed soap dispenser will not spill even if you tip it completely upside down. With O-ring and lid that secures to the container and backing plate you will never have this falling off or spilling your soap. This dispenser has easy one hand operation with clear container to view soap level.

Part No. PSD1-1000

Foam Dispenser
• The Foam Hand Sanitizer Dispenser is designed for foam refills, mounts easily to side walls, and comes pre-assembled. Additionally, foam stays on the users hand whereas gel or liquid often slides off and becomes a messy waste further increasing usage.

Part No. FD1-1000

The PJN3 Sink
• The PJN3 Sink is the perfect add-on to any PJN3 portable toilet. Anti-bacterial hand creams and foams are convenient, but they cannot match the sanitary effectiveness of using the hands-free foot operated pump to wash hands with soap and water in the PJN3 Sink.

Part No. PSN1-1000

Fleet Sink
• The slim, economical Fleet Sink is the perfect add-on to any Fleet portable toilet. The Fleet saves on fresh water capacity, but doesn’t skimp on proper soap and water sanitation, so it’s a better choice than anti-bacterial hand creams and foams.

Part No. FS3-0026

Hand Sanitizer Gel Dispenser
• Our Hand Sanitizer Gel Dispensers fights dirt and germs when water is not available. These dispensers are unaffected by extreme temperatures and ideal for cold weather wash-ups.

Part No. CK01-0164

Toilet Paper Dispenser
• The PolyJohn Toilet Paper Dispenser is designed to fit standards rolls as well as our University Roll toilet paper. Locking kit is available. Shipped pre-assembled.

Part No. PC-000204

Urinal
• The PJN3-0009 Urinal features smooth, easy to clean surfaces with a basin that is capable of holding up to 5 lbs. of brine salt for winter use.

Part No. PJN3-0009

**OUR STORY**

Some families pass down recipes or priceless heirlooms. We’re passing on a belief that a good investment doesn’t have to drain the family bank account… and that a spic-and-span portable restroom is something worth being proud of.

**COOPER’S OWN** was inspired by all the ‘mom and pop’ shops out there who dare to put their family name on the portable sanitation and septic services they provide every day.

Backed by PolyJohn, and with the personal guarantee of our family, the Cooper family, **COOPER’S OWN** is the industry’s best line of cleaners, deodorizers, and sanitizers for the portable sanitation industry.

Go ahead – save some money, preserve the life your equipment, and, most importantly, impress your customers. The high quality and high value of our products speak for themselves! ★

To order your supply of our **COOPER’S OWN** products, call PolyJohn at (800) 292-1305 or visit us online at www.polyjohn.com.
